<b>Battery Requirements<sup>4,6</sup></b>	(2) 75 AH (100 AH optional) Weight: 48 lbs. (75 AH) 60.5 lbs. (100 AH)
<b>Battery Charger</b>	8-amp, off-board
<b>Warranty</b>	Frame: lifetime limited Drivetrain: 2-year limited Electronics: 2-year limited Battery: 6-months

### \*\*HCPCS Code: K0899

The Baja® Wrangler® 2 is an FDA Class II Medical Device designed to aid individuals with mobility impairments.

<sup>1</sup> Varies with user weight, terrain type, battery amp-hour (AH), battery charge, battery condition, and tire condition. This specification can be subject to a variance of (+ or -) 10%.

<sup>2</sup> Tested in accordance with ANSI/RESNA, MC Vol2, Section 4 & ISO 7176-4 standards. Results derived from theoretical calculations based on battery specifications and drive system performance. Test conducted at maximum weight capacity.

<sup>3</sup> Due to manufacturing tolerances and continual product improvement, this specification can be subject to a variance of (+ or -) 3%.

<sup>4</sup> Battery weight may vary based on battery manufacturer.

<sup>5</sup> Includes standard seat and batteries.

<sup>6</sup> AGM or gel cell type required.

HCPCS codes provided should not be considered as legal advice and do not guarantee reimbursement. DME providers are responsible for determining appropriate billing codes when submitting for insurance reimbursement.

NOTE: All specifications subject to change without notice. The information contained herein is correct at the time of publication; we reserve the right to alter specifications without prior notice. Speed and range vary with user weight, terrain type, battery charge, battery condition and tire pressure. Due to manufacturing tolerances and continual product improvement, length, width, turning radius and ground clearance can be subject to variance of + or - 3 %. Special order seats or non-standard dimensions will not be fold-flat and depth-adjustable.
